

Graduate & Professional School Alumni

The AYA represents all Alumni

The Association of Yale Alumni represents all Yale alumni, including those who earned advanced degrees from the Graduate School of Arts and Sciences or any one of the 13 professional schools at Yale. Each of the graduate and professional schools has at least three delegates to the annual AYA Assembly. Their alumni serve on the AYA Board of Governors. There, a dedicated Graduate & Professional Schools Committee focuses on the particular interests of these alumni and their schools. This committee brings matters relating to the graduate and professional schools to the attention of the Board as a whole.

Graduate and Professional Alumni are active in AYA activities

Alumni of the Graduate & Professional Schools are active participants in a broad range of activities within the AYA, such as Yale Day of Service, Yale Alumni Service Corps, the Yale Global Alumni Leadership Exchange, and the Yale Career Network. Some of these are organized on a national level by the AYA. Others are organized on a local or regional basis by local Yale Clubs or SIGs.

Graduate and Professional Schools also have own alumni events

The Graduate School of Arts and Sciences and most of Yale’s professional schools have active alumni programs of their own, each with its own governing board of alumni. Many of these alumni programs have their own schedule of activities such as convocations, colloquia, or quinquennial reunions (a reunion of all classes at five-year intervals, e.g. the 2015 reunion will include classes from 2010, 2005, 2000, 1995, etc.).

These events are often organized around symposia and other continuing education opportunities – focused on the specialties of the school. Though these activities are designed for alumni of a particular graduate or professional school, many are open to other alumni from throughout the Yale community.

Alumni enrichment through university-wide programs

Panel discussion at Law School - 2009

The Association of Yale Alumni is a leader among major universities in its commitment to inclusiveness and integration of all of Yale’s alumni—undergraduate, graduate, and professional—in a wide array of alumni-led volunteer programs. This leads to increased opportunities for alumni service, networking, and involvement throughout their careers and lives.
